

### Julius Caesar Video Project

1. Your group will produce a 5-7 minute video containing the most vital information for the act you have been assigned from Julius Caesar.
2. You may choose to set your video in any time period you would like, but you cannot change the Elizabethan English into modern English. However, you may cut what your group deems as extra or unnecessary lines for the video.
3. The project time is one week. Final videos are due on Tues. May 15th. Please remember that failure to use time wisely or technical glitches, barring a power outage during your presentation, are not acceptable reason for unfinished or late work.
